SUMMARY:

Accomplished scientist transitioning to full stack web development, leveraging over a decade of experience in complex problem-solving, project management, and innovative research. Bringing strong analytical skills, attention to detail, and a collaborative mindset to web development projects. Adept at quickly learning new technologies and thriving in fast-paced environments. Seeking an opportunity to apply my technical expertise and problem-solving abilities to create impactful web solutions.

TECHNICAL SKILLS:

Front-end: HTML, CSS, JavaScript, React.js, Next.js, TailwindCss

Back-end: Node.js, Express.js and Hono (learning)

Databases: MongoDB, PostgreSQL (learning)

Other: RESTful APIs, Responsive Design, Figma.

EXPERIENCE:

Full Stack Web Developer (Self taught)

JANUARY 2023 - PRESENT

- Completed comprehensive full stack web development RockTheCode bootcamp (ThePower Education).
- Developed multiple web applications showcasing frontend and backend skills.

Associate Research Scientist – (IDIBAPS, Barcelona, Spain)

JANUARY 2018 – APRIL 2025

- Led research projects, demonstrating strong project management and problem-solving skills.
- Secured over 200,000 € in public funding as Principal Investigator.
- Managed resources, budgets, and timelines effectively .

Postdoctoral Researcher – (Columbia University, New York, United States)

JANUARY 2013 – NOVEMBER 2017

- Executed complex research projects in a competitive environment
- Collaborated with international teams, showcasing adaptability and communication skills
