Bock Lighting

About us

Bock Lighting creates high-quality, customizable, and energy-efficient lighting fixtures for commercial spaces, including restaurants and hospitality applications. The unique line of fixtures features modern and timeless designs that can be customized to fit any interior design scheme. Bock is committed to sustainability and uses LED technology to create cost-effective and environmentally friendly lighting solutions.

Brand Specification

At Bock Lighting everything is made to order and everything is modifiable. Each product is uniquely your own when you select the fixture, finishes, lamping, mounting, and accessories.

Durable

These timeless fixtures are crafted from the finest materials, including glass, aluminum, acrylic, and wood. This not only ensures their durability but also highlights the exceptional craftsmanship of the artisans who assemble them.

Performance

Featuring a range of LED options, with lumens ranging from 1,000-12,000 and kelvin ranging from 2400k to 5000k, these fixtures offer high-output lighting that is compliant with the latest energy mandates.

Unique

Customers have access to a broad range of choices, including different diameters, finishes, mountings, lampings, and accessories, to create a truly unique and personalized light fixture.
