

Commission Registration Information

This document outlines the commission registration process for Mozaic Heaven Atelier. The registration period will start on **29 June 2026**. Once registration opens, a registration form will be distributed to all individuals who contact us via Twitter or Discord.

Upon receiving the form, applicants are required to complete and submit it accordingly. After reviewing the submitted information, we will contact you to confirm the final price for your commission request. Should you agree to the quoted price, you may proceed with the down payment to secure your placement in the commission batch.

Review of submitted forms will begin on **6 July 2026**. Submissions will be processed in chronological order (**first-come, first-served**). Therefore, we recommend preparing the required information in advance to ensure a smooth, timely submission when registration opens.

Please prepare the following information for the registration form:

- Social media account (Discord or Twitter) that will be used for communication
- Email address
- Scope of the Live2D model (e.g., bust-up, half body, full body)
- Character sheet (if an existing design is available)
- Detailed description of the character
- Preferred art style references (including body proportions, coloring, etc.; references may include existing VTubers, illustrations, or images)
- Preferred rigging/animation style references from existing VTubers (if not provided, our default style or the preferences of our artists/riggers will be applied)
- References for custom facial expressions
- Preferred face-tracking application (please ensure you are familiar with the selected application before proceeding, as most face-tracking software offers trial versions for testing)

***If you have any questions, please contact us on our Twitter (@heavenmozaic) or our Discord (Mozaic Heaven Atelier#3242)**
