

Salman Hersi

Full-Stack Web Developer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in AI. Proven track record of creating and implementing successful front and back end web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer at 100 Devs, Remote

Aug 2023 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

[GitSearch](#) (Fullstack Web App) – Built with Next.js, React, Tailwind CSS, and Chakra UI. GitSearch simplifies GitHub user and repository discovery. It offers auto-complete search, allowing users to find trending repositories and users effortlessly.

[Vend](#) (Fullstack Web App) – a dynamic web application for streamlined online buying and selling, incorporating Express, JSX, Tailwind CSS, and PostgreSQL. Enabled users to browse, create, categorize, rate, and favorite deals. Implemented user-friendly features to elevate the overall user experience.

Other Projects: Tweeter (Twitter Clone), Los Angeles StarGazers Society APOD Web App with NASA API integration, On-demand background color changer for Partnered Twitch streamer, and many more

QA Analyst at Miipe | Toronto, ON

January 2019 — Present

Led quality assurance for full-stack web applications and static websites tailored for small to medium-sized businesses, closely collaborating with development and design teams. Established and executed detailed test plans, scripts, and documentation to pinpoint defects and guarantee the functionality, reliability, and usability of web solutions.

E-Commerce Advisor at Mosaic North America | Remote

May 2022 — Apr 2023

- Collaborated in a dynamic team to provide comprehensive web design solutions, including e-commerce platforms, cybersecurity measures, and digital marketing strategies
- Successfully served a diverse portfolio of 250 clients from industries such as healthcare, automotive, retail, and restaurants
- Conducted personalized consultations to evaluate clients' digital storefronts and provide tailored recommendations for optimizing their online presence
