TOOLS: Vscode, Git, GitHub, GitHub Actions, NPM, PNPM, Postman, Notion, PM2, Ngrok, ChatGPT, Supermaven, Docker, Figma, Adobe Photoshop, Adobe Illustrator

WORK EXPERIENCE

Full Stack Web Developer, *TheBoredGuys Corp.*

JULY 2023 – DEC 2024

- Engineered a full-stack, multi-tenant web application utilizing Next.js for the front-end and Nest.js to develop REST APIs and microservices.
- Revamped and modernized the company's legacy website and related app sites, improving speed and user experience, which led to a 20% increase in customer acquisition and a 37.5% improvement in average search engine ranking.
- Resolved bugs across front-end and back-end components, leading to a 20-40% reduction in support tickets since joining the company.
- Implemented deployments across cloud and intranet environments, utilizing PM2 in the intranet for efficient process management, automatic restarts, load balancing, logging, and monitoring.
- Developed reusable npm packages to share utilities, ORM database schemas, types, and validations across multiple company applications, streamlining development and ensuring consistency.

Full Stack Web Developer Intern, *Lap IT Solutions Inc.*

MARCH 2023 – MAY 2023

- Optimized development workflows on both client and server sides by leveraging the T3 stack (TypeScript, MUI, TRPC, Prisma, Next.js and NextAuth.js), utilizing MUI Design Templates to accelerate development and improve efficiency.
- Crafted dynamic, reusable, scalable, interactive React components with the T3 stack, improving app performance and ensuring seamless integration with backend services.
- Built secure authentication flows and role-based access control with NextAuth.js and CASL, safeguarding sensitive user data and effectively managing user sessions.
- Partnered with senior developers in an Agile environment, actively contributing to code reviews, daily stand-ups, and sprint planning to ensure timely delivery of project milestones.

Graphic Designer Intern, *GlobalTimes Advertising*

DEC 3-14 2018

- Designed and delivered bespoke tarpaulins and posters, customizing designs to meet client specifications for diverse events and promotional campaigns.
- Engaged with customers to understand their specific requirements, tailoring tarpaulin and poster designs that aligned with their brand and event goals.
- Addressed and resolved client concerns and issues efficiently, fostering trust and repeat business by delivering exceptional service and high-quality finished products.
- Enhanced customer experience by providing timely updates, addressing inquiries promptly, and delivering high-quality tarpaulin and poster products on schedule.

EDUCATION

University Of the Immaculate Conception

B.S Information Technology Specialized in Learning Technology

JULY 2019 – MAY 2023
